# Welcome to Pennicott Wilderness Journeys

Pennicott Wilderness Journeys is my family business which I started in 1999 with a single journey taking in Bruny Island.

Today, we operate six signature experiences in south eastern Tasmania and one in southern Victoria, highlighting the spectacular and unique wilderness and wildlife of the areas. Over our 22 year history, Pennicott Wilderness Journeys has become a highly acclaimed environmental tourism operator and we are honoured to have won 30 State Tourism Awards across Tasmania and Victoria and 14 Australian Tourism Awards.

My family and I are genuinely dedicated to operating in harmony with the environment and local communities. We employ and train local staff, and purchase goods and services from local suppliers wherever possible. Pennicott Wilderness Journeys is 100% Carbon Offset and an Advanced Ecotourism Certified operator. We are regularly assessed by EarthCheck and have always exceeded world's best practice standards for efficient fuel, energy and water use.

Driven by a desire to share our success and give back to the environment and community that has always supported us, we established the Pennicott Foundation as a flagship for important philanthropic activities. A portion of your cruise ticket goes towards the Foundation.

In 2011 I circumnavigated Australia in a 5.4 metre inflatable dinghy, raising \$300,000 for conservation and to assist Rotary's efforts to eradicate polio. Other projects the Foundation has contributed to include eradicating feral cats from Tasman Island and rats from Big Green Island. Since the successful eradications, over 100,000 breeding seabirds are saved each year. Last year we supported 460 organisations or community projects.

Thank you for your support and we hope you enjoy an experience of a lifetime with Pennicott Wilderness Journeys.

*Robert Pennicott*

Mia, Robert, Michaye and Noah
