

# Welcome to our Bruny Island beachside restaurant.

My first job before starting Bruny Island Cruises was as a fisherman in these surrounding waters. I am passionate about showcasing the world class quality of Tasmania's seafood from our pristine waterways.

Our select menu features sustainably caught Tasmanian premium fish and local produce, simply designed to satisfy a hunger that comes from exploring Bruny Island. Our team are proud to serve you meals crafted from the freshest ingredients amongst the stunning views of our little bit of paradise, Adventure Bay.
